PUREPURGE™ Bed Bath System

PurePurge™ Bed Bath System is for patients who are unable to bathe in a tub or shower. It is an easy to use system that is efficient, effectively hygienic and can be used anywhere at anytime. Everything required is in the bag.

PERFECT HYGIENE

- » Gentle needlepunch fabric towels contain just the right amount of PurePurge™ advanced cleansing formula to thoroughly clean and condition the skin.
- » Hair is left glistening and conditioned.
- » Time saving with no rinsing and no need to towel dry.

REMOVES RISK

- » PurePurge™ Bed Bath eliminates the cross-infection risks of dirty basins, contaminated water supplies, and the skin damaging effects of harsh soaps and rough laundered terry towels.
- » No more carrying of heavy water filled basins.
- » 1 towel for each of the 8 body zones to help control cross contamination across the body.

COST EFFECTIVE

- » PurePurge™ Bed Bath process can be completed in just 10 minutes, compared to traditional methods that can take up to 30 minutes.
- » No clean up time - no storing of basins, towels, soaps and lotions.
- » No laundering of terry towels.

CONSISTENCY OF PROCEDURE

- » PurePurge™ Bed Bath System means process efficiency and consistency throughout the facility.
- » Eliminates any inconsistency in the type of soap, shampoo and skin conditioners that could be used across the facility.

BALANCED pH

- » Balanced pH ensures a skin-friendly experience for patients.
- » Improved skin condition provides an important barrier to infection.

PARABEN AND LATEX FREE

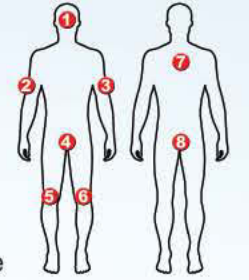

- » PurePurge™ Bed Bath System provides a dignified bathing experience that leaves the patient clean and comfortably refreshed.

PUREPURGE™ BED BATH WIPES

Discard each used towel into an appropriate waste receptacle
KHC31010000
